Visitor management

Free up your staff and gain visibility with an automated visitor management process

Simple sign in

Instant notifications
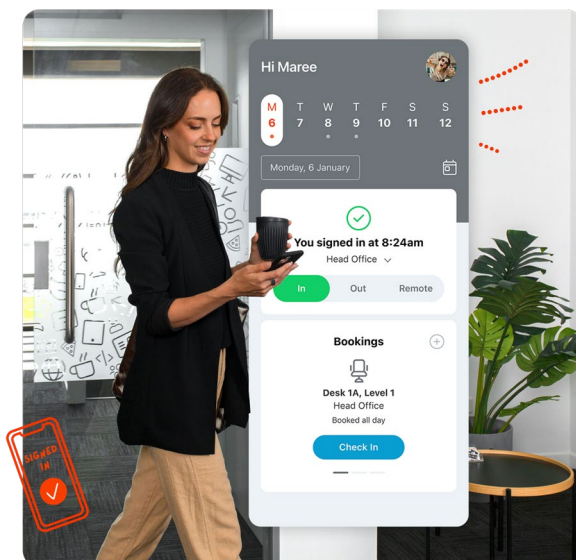

Workplace visibility

Up to date records

> We've had other sign on systems in the past and SwipedOn has been adopted by the staff significantly faster thanks to its ease of use and setup
>
> *Tony from gategroup*

- ✓ Make SwipedOn unique to your workplace with your own branding
- ✓ Create custom visitor categories and flows for your different types of visitors
- ✓ Easily identify guests with photo capture and printed visitor ID badges
- ✓ Access up-to-date information from the web dashboard. Sort, filter and export data easily, whenever you need it.

Employee sign in

Say goodbye to pinboards and paper
## Say hello to the simple way for staff to sign in

Managing staff sign in with SwipedOn gives you an accurate record of employee movements for total visibility.

Easily facilitate employee sign in with a range of options: **SwipedOn Pocket app, desktop, iPad/tablet or QR code sign in.** Make use of automatic sign in, remote working, office roaming and more to easily account for staff.

Resource booking

Easily book and manage desks, parking spots, vehicles, equipment and more across your workplace.

Keeping track of all your workplace resources has never been easier. Manage workplace spaces and resources with pre-set categories, or get creative with the ability to set your own.

- ✓ Staff can find and book what they need fast with up-to-date availability
- ✓ Accurate information about who is onsite and using what
- ✓ Manage a variety of resources all from one platform
- ✓ Understand usage and optimize your workspace

All SwipedOn plan include resources, add more as you need for $3 each

Visitor preboarding

**Ensure visitors are well-informed and understand the risks and hazards at your workplace.**

- ✓ Share a video, image or document and ask questions ahead of time to ensure visitors understand your processes, hazards and risks before they arrive
- ✓ Easily manage requirements across all locations with a central preboarding library
- ✓ Preboarding requirements can be completed on the spot or sent ahead of time via email as part of your visitor preregistration

Security and compliance

Ensure you're audit-ready with detailed digital records when you need them.

Access accurate records from a single database. SwipedOn helps reduce human error and protects the personal information of your visitors & employees.

- ✅ Customizable sign in questions
- ✅ Manual or automatic data anonymization
- ✅ Send visitor arrival notifications
- ✅ Approve or deny entry
- ✅ Ensure visitors agree to your policies
- ✅ Capture visitors' digital signature
- ✅ Easily track and export visitor data
- ✅ Badges for identification and authorization

Health and safety

In the event of an emergency, account for everyone with accurate information at your fingertips.

SwipedOn Evacuation Mode helps you easily conduct roll calls and mark people as safe. See visitor host information and employee contact details in case you need to contact them.

Managing visitor, contractor and employee sign in with SwipedOn gives you an accurate record of everyone's whereabouts when you need it most.

Contractor management

Keep tabs on contractors across your premises at all times.

Location verified check in via QR code

Reduce risk with sign in and sign out notifications

Capture and store the documents you need

Easily identify contractors with ID badges

Automate the induction process

Streamline sign in with preregistration
Delivery management

Free up your staff and let us handle your deliveries

Automate workplace deliveries in 3 simple steps:

1 Courier scans the label to find a match

2 The recipient is instantly notified

3 You have full visibility of deliveries to your location

Adding SwipedOn Deliveries to your monthly subscription makes receiving packages just as easy as signing in visitors.

Simply scan the label on any parcel and SwipedOn instantly notifies the correct recipient. Easily keep track of delivered items from your SwipedOn web dashboard.

Unbeatable value. Plain and simple.
