

# Visitor registration, made beautiful

## Transform your reception

Replace your old visitor book and transform your reception with our iPad optimized solution. Starting at an unbeatable \$19<sup>USD</sup> per month, SwipedOn™ is used by fortune 500 corporations and every day businesses alike. Seamlessly record all of your visitors information upon arrival, while reinforcing your company branding and streamlining the registration process.

-  Require visitors to sign customisable agreements/NDAs
-  Capture visitor photographs, details and produce custom reports of visitor movements
-  Synchronise multiple iPads across your site (on Premium & Enterprise plans)
-  Multi location management

## Enhance company branding

We all know that your visitor's first impression is crucial. Customise SwipedOn at your front desk to reinforce your brand and create something truly unique at reception.

-  Add custom screensaver imagery
-  Use company logo on visitor ID badges
-  Brand it yourself, with a custom logo
-  Customise accent colours

## Streamline your processes

SwipedOn doesn't just look good, it saves you valuable time registering visitors and notifying hosts. Yes, it's the little things that make the difference!

-  Instantly notify employees of visitor arrivals via email and/or SMS
-  Wirelessly print custom visitor ID badges
-  Pre-register visitors for the day they arrive
-  Use «Remember Me» to easily sign in frequent visitors

## Health and safety aid

Know exactly who's in during emergencies and account for everyone right from your iPad. With SwipedOn's evacuation mode, you can improve your health and safety practices.

## Employees

SwipedOn isn't just for visitors, optionally our system can also be used to monitor employee movements in the office.

-  Employee sign in/out
-  Know exactly who's on site, in an evacuation event
-  Time tracking overview and run custom reports

# IT & Security Information

SwipedOn understands that security is important to you. It's important to us too.

## Reliability

SwipedOn works in offline mode. In the unlikely event of a server outage all data is queued and transferred to our servers on re-connection. The SwipedOn iPad app also continues to work offline, making it a great evacuation management tool.

We have 99.9% server uptime, according to our AWS statistics

Our servers use load balancing techniques to auto-scale when demand is high

## Security precautions

We do not host any servers ourselves. We outsource this task to the largest cloud data storage company in the world: Amazon Web Services (AWS). Here, SwipedOn data is encrypted, stored and continually versioned for recovery purposes.

We don't store any credit card details and payment processing is outsourced to Payment Express, a secure PCI compliant company

All passwords are hashed  
(Passwords can only be changed and not retrieved)

## Data retention

All data (time stamps, details, etc..) is stored indefinitely while your account is valid. If you cancel your account, we will delete the data after 30 days.

Visitor photographs are automatically purged after one year on the server

Employee in/out photographs are purged after two months on the server

## Our partners

# Pricing

## Plans & pricing

SwipedOn offers fair and simple pricing, with plans designed to reflect company use.

| <h3>Starter</h3> <p><b>\$19</b> <small>USD per month</small>    <b>\$25</b> <small>USD per month</small><br/>On annual plan    On monthly plan</p>                          | <div style="background-color: #00AEEF; color: white; padding: 5px; display: inline-block; transform: rotate(-15deg); font-weight: bold;">POPULAR</div> <h3>Premium</h3> <p><b>\$39</b> <small>USD per month</small>    <b>\$49</b> <small>USD per month</small><br/>On annual plan    On monthly plan</p> | <h3>Enterprise</h3> <p><br/><b>Tailored Plans</b></p>  |
|---|---|---|

\* iPad/s are not included.

## Enterprise plans

The Enterprise plan is a tailored product for organisations wanting to link multiple locations with one seamless company overview. Enterprise customers benefit from volume pricing and can scale up location numbers on a pro-rata basis.

## SMS

Employees will receive an email notification when visitors sign in to see them and to make this even more convenient, you can choose to also send SMS notifications. SMS are prepaid, with a range of great bundles. There's even a handy countdown so you'll know how many SMS you have left!

## Payment

We accept direct deposits or purchase orders on annual plans of Premium or Enterprise.

We work with all major credit cards:

# Hardware

## iPads

SwipedOn runs on all versions of iPad, but we recommend using an iPad Air or later for best performance. If your iPad is purely for SwipedOn, 16GB is sufficient storage.

SwipedOn does not supply iPads.

## Printers

Print ID badges for your visitors when they arrive at your reception! Printers that we support: Brother QL810W, QL-820NWB, QL710W or QL-720NW label printers.

## Secure stand

Ensure your iPad is safe, while maintaining its sleek modern style with a specially designed stand.

SwipedOn has partnered with Studio Proper to offer a secure, stylish, and functional iPad stand - the Proper POS Pivot Stand. Available in all iPad sizes, the Pivot Stand can be wall or table mounted, and has the option to add extra security with the Lock Belt.

**Stand**  
US\$99

**Lock Belt**  
from US\$79.95

**Security Cable**  
US\$39.95
